Item 7.01. Regulation FD Disclosure.

Reference is made to the Current Report on Form 8-K (the "Original 8-K") furnished to the Commission by Prestige Brands Holdings, Inc. (the "Company") on November 6, 2008 in which the Company reported that it had announced its financial results for the fiscal quarter and six month period ended September 30, 2008. Furnished as an exhibit to the Original 8-K was the Company's Press Release dated November 6, 2008 (the "Press Release") announcing those financial results. Item 2.02 and Item 7.01 of the Original 8-K are incorporated herein by reference as if fully set forth herein.

In the course of finalizing the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2008 (the "Second Quarter 10-Q"), which is being filed today (November 10, 2008), the Company discovered that it had inadvertently included a portion of the cash flows from a single transaction in cash flow from operating activities rather than as cash flow used for investing activities. Although this mis-classification did not ultimately affect the Company's ending cash at September 30, 2008, it resulted in operating cash flow and free cash flow each being understated in the Press Release by approximately \$3 million. In addition, net cash used for investing activities was understated by approximately \$3 million.

Net cash provided by operating activities during the six month period ended September 30, 2008 was \$36.7 million rather than \$33.6 million as indicated in the Press Release. Free cash flow during the quarter was \$21.3 million rather than \$18.2 million as indicated in the Press Release. Net cash used for investing activities during the quarter ended September 30, 2008 was approximately \$4 million rather than \$1 million as indicated in the Press Release.

The Second Quarter 10-Q includes the correct classifications of operating cash flow, free cash flow and cash flow used for investing activities in the financial statements as well as in Management's Discussion and Analysis of Financial Condition and Results of Operations included in the Second Quarter 10-Q.
